MR. H. BICKNELL, Petitioner's Attorney.

BOMBAY MUNICIPAL CORPORATION.

AT the quarterly meeting of the Corporation to be held on Friday, the 13th instant, MOTIONS to the following effect will be moved:—(1) By Mr. Pherozeshah M. Mehta, seconded by Mr. Kashinath T. Telang, that with reference to the Council's Resolution No. 976 of 1882, regarding the grant of Rs. 1,26,000 for weather-frames to the new Byculla Police Quarters, (1) it was incompetent to the Town Council to sanction the expenditure, without obtaining the previous sanction of the Corporation. That (2) the Corporation refuses to sanction any such further expenditure on the same as is recommended by the Town Council in its Resolution.

(2). By Mr. Nowrojee Furdoonjee, That the Corporation concur with Government in the advisability of introducing a measure in the Legislative Council for regulating and bringing the business of Pawn Brokers under such restrictions as to rate of interest and other matters as may seem desirable to Government.

(3). The Acting Commissioner will be asked to favour the Corporation with information to the following effect:—(1) By Mr. Javerilal U. Yajnik.—(1). What steps, if any, have been taken towards the re-organization of the Assessment Department in accordance with the scheme sanctioned by the Corporation on the 23th July 1882? (2). Whether any, and if so how many, Ward Offices have been opened and Ward Superintendents appointed, and at what cost, and what is the reason of the delay which has taken place in providing the rest of the city with Ward Offices and Ward Superintendents? (3). If it be true that the collections of the first quarter of the current year indicate a falling off in amount, what steps have been taken to bring up the receipts to their normal level?

(4). By Mr. Thomas Blanes:—1. Of the extent of the improvements of the Kanakhipura sewerage system which have already been completed. 2. The amount of expenditure incurred in effecting these improvements. 3. The work remaining to be done to complete the system of the district (excluding privy connections). 4. The amount of expenditure required to complete the system of the district (excluding privy connections). 5. The fund from which the expenditure already incurred has or will be paid? Mr. Blaney will also propose (1) that the uncompleted portions of the Kanakhipura sewerage work (excluding privy connections) be at once proceeded with and completed as early as practicable, and that the expense of completing these works be met by a grant from Sarpita Cash Balances, to be subsisted when the loan for the Surface Drainage and other works included with it has been taken up. (2) That it is desirable that the Town Council should be furnished with monthly progress reports of works in course of execution duly passed by the Consulting Engineer.

H. WYNFORD BARROW,
Clerk, Municipal Corporation; & Secretary, Town Council.
Bombay, Municipal Offices, 9th July, 1883.

TREACHER & COMPANY, Ld., BOMBAY, BYCULLA AND POONA.

FAVRE, LEUBA & CO.,

WATCHMAKERS, JEWELLERS, CHAINMAKERS,

BOMBAY & CALCUTTA.

CHRONOGRAPH WATCHES,

OF A NEW AND IMPROVED SYSTEM.

WE have just received a consignment of NEW RACE OR CHRONOGRAPH WATCHES which for durability, accuracy, precision, and convenience leave nothing to be desired.

The Chronograph hand is in front of the watch over the hour and minute hands. The cases are extra strong, with a solid cover on the back and a glass inside to protect the work.

The general objections to the Chronographs with second hand and glass on the back were that those glasses often broke, and each time necessitated a cleaning; that the glasses did not thoroughly protect the works from dust; and that to move the regulator it almost required the help of a watchmaker.

All these serious drawbacks of an otherwise good watch have been avoided in the construction of our new and improved Chronograph watches.

They are in stock—

In white metal cases ..... Rs. 70
„ Sterling silver cases ..... „ 80

Guarantee 2 years. Price cash. Postage and packing free.

FAVRE, LEUBA & CO.

HONORARY TRUSTEES OF THE GUARANTEE FUND:
FRANCIS DEW PARKER, Esq., and W. B. GURNEY LITTLEWOOD, Esq.

BANKERS:
THE AGRA BANK, LIMITED.

SOLICITORS:
Messrs. PRESCOT & WINTER.

AGENT:
JOHN MARSHALL, Esq.

CONSULTING ELECTRICIAN:
GEORGE ANNERSLY GLINDLE, Esq., M. S. T. E.

TEMPORARY OFFICES:
19, RAMPART-ROW, BOMBAY.

THIS Company is formed for the purpose of supplying Electricity in all its applications to light, motive power, &c., as well as articles connected therewith, throughout the Presidency of Bombay (exclusive of Scinde); the Native States subject thereto; with Baroda; the Berars; and the territories of Hyderabad. Also over the present systems and lines and future extensions of the Great Indian Peninsula, and Bombay, Baroda and Central India Railways.

It has secured the business, good-will, licenses, and contracts belonging to, or being negotiated for by, the Eastern Electric Light and Power Company, of London, within the limits abovementioned. As also the concessions for the exclusive right of using, licensing, and selling the plant and appliances pertaining to the various patents now belonging to the London Company.

These patents include the Brush Dynamic Machine and Arc Lamp and the Lane Fox Incandescent Lamp, the license for the use and sale of the Swan Incandescent Lamp, and supplies of storage batteries of the Sellon, Volckmar and Faure patents.

In England, America and the admirable results both as regards efficiency and economy obtainable from these various systems are well known and are becoming daily more widely appreciated.

About 18,000 Brush Arc Lamps are ready in use in the United States alone, and they soon promise to be almost as extensively adopted in Great Britain for town and other large lightings; whilst the Lane Fox and Swan Incandescent Lamps are equally successful for internal purposes.

In securing these patent rights and powers, however, *the Bombay Company will not be restricted to their sole use, but will have the privilege of adopting any other improved systems or methods of working which may hereafter be developed.*

For India the advantages of Electricity over all other means of lighting are specially manifest. Gas, Oil, &c., are so much dearer than in Europe and America that competition in the matter of cost is on a very different basis, whilst its freedom from heat and noxious exhalations, and absence of danger from fire peculiarly adapt it for use in hot climates. In fact, it is the light of the future for this country and there can be no doubt that both for public and private purposes it will rapidly come into extensive operation.

Although the Eastern Electric Light & Power Co. have only been represented here for a comparatively short time and have necessarily been largely occupied with preliminary operations, they are now in a position to hand over a business producing upwards of Rs. 50,000 per annum, and so confident are they, from the numerous applications for the light which they have already in hand, of the ultimate success of the undertaking that they GUARANTEE A DIVIDEND ON THE WORKING OF THE COMPANY DURING THE FIRST THREE YEARS AT THE RATE OF EIGHT PER CENT. PER ANNUM ON THE PAID-UP CAPITAL. After the business has been developed, the Directors think that a probable dividend of 12 per cent. may be calculated upon.

The amount to be paid to the Eastern, by the Bombay Company for the business, good-will, patents, licenses, concessions, &c., is Rs. 1,50,000 in Cash and Rs. 1,50,000 in fully paid-up Shares. These amounts, however, will be vested in Trustees for security of the guaranteed dividend.

The plant, machinery, buildings, &c., to be taken over will be at actual cost price.

No promotion money has been paid and all preliminary expenses of every kind up to, and inclusive of, the registration of the Bombay Company will be borne by the Eastern Electric Light and Power Company of London.

The working expenses of the Company will be based, as far as possible, on minimum monthly salaries and commissions or net profits.

Prospectuses and forms of application can be obtained at the Company's Offices, or from the Solicitors, Messrs. Prescot and Winter, or the Agent, Mr. John Marshall, where all the agreements above referred to may be seen and any information obtained.

MERCIAL INTELLIGENCE

WEDNESDAY EVENING, JULY 11.

London Stock Exchange three per cent. are quoted 100½ or ¼ lower: French however, have improved to 108¾. There nge in the prices of Rupee Securities. A t of £2,000,000 into the Bank of England is Three months' sight Bills are now dis- le at ⅞ per cent. below the Bank's rate; the four months is 3⅜ per cent.

ne General Produce markets Coffee has ed to 80s for Mid-plantation Ceylon; Rape- and Wheat dull. Club No. 2 Wheat, to arrive Canal, is quoted at 37s. 9d.

The tone of the Manchester Piece-goods market quiet, but steady. Prices show no change whatever.

The Liverpool Cotton market yesterday closed steady: Surat also steady, but arrivals are quiet. Sales 10,000 bales, of which 1,000 bales Surats. Prices remain unaltered. The Washington Agricultural Bureau's monthly report states that "the average condition of the crop in ten States is 90 per cent." In New York Middling Uplands on the spot are unchanged, but "futures" for October delivery are quoted 5 points lower, the closing price being 9·85 cents.

The figures to date are given below:—

	1883.	1882.	1881.
Total receipts up to Monday	3,891,000	4,510,200	5,636,700
Tuesday's Receipts	3,000	1,000	3,300
Total since 1st Sept.	3,894,000	4,511,200	5,660,000

MONEY.—At the Board meeting to-day the directors of the Bank of Bombay reduced their rates of interest and discount one per cent. all round. The rate for demand loans is now seven per cent.

EXCHANGE.—Being Council Bills day there has not been much doing to-day either in Bank or private paper, but rates generally close steady. Some telegraphic transfers for August-September were done at Is. 7 7-16d. Demand Bank Bills, Is. 7½d.; three months' Credits, Is. 7 25-32d. No change is reported from Calcutta. Bar Silver closed at 52d. per oz. Shipments of the metal to the extent of £70,000 for Bombay are advised.

Bank Bills on Demand	Is. 7¼d.
Do. Telegraphic Transfer	Is. 7 7-16d.
Do. three months' sight	Is. 7 21-32d.
Credits, do. do.	Is. 7 25-32d.
France, do. do.	Fcs. 2·06½

GOVERNMENT PAPER unchanged. A moderate business has been done at our quotations. Four per cents., Rs. 99¾: Four-and-a-half per cents., Rs. 104.

SHARES.—Port Cannings are in some demand, and have improved to Rs. 345. There is very little doing in Press Securities, the only business reported is in Mofussils at Rs. 227½. Mill shares are firm at a slight advance. Sales are reported of Dhurrumseys at Rs. 600; Gordons at Rs. 725; Hydrabad at Rs. 1,240; Khandeish at Rs. 965; Mahalukshmis at Rs. 950; Orientals at Rs. 770; Pawels at Rs. 345; Sholapores at Rs. 1,665; Western Indias at Rs. 1,056; People of Indias at Rs. 300; and Framjee Petits at Rs. 870. Bombay and Burmah Tradings have fallen to Rs. 3,725.

COTTON remains quiet but steady. No business of importance is reported to have taken place, some occasional heavy showers have to some extent checked the little inquiry which existed. We have no change to advise in prices, which are:—

	Per candy.
Machine-ginned Broach	Rs. 180
Omrawuttee, Fine	„ 168
Do. F.G.	„ 162
Do. Good	„ 156-157
Do. F.G.F.	„ 151
Dholleras, Fine	„ 170
Do. F.G.	„ 160
Do. Good	„ 156-157
Do. F. G. F.	„ 151
Benga, Good	„ 138
Western, Good	„ 155-156
Do. F. G. F.	„ 150
Dharwar, Sewagined, Good	„ 162-163
Compta	„ 149-142

LINSEED remains steady at Rs. 5-8 per cwt.

RAPESEED.—There is no change to report in the position of this article, and prices are unaltered.

WHEAT is in fair demand at our quotations. White Pessie No. 1, Rs. 33 to 33½ per candy; Yellow, Rs. 28 to Rs. 28½; Luskari, Rs. 26½ to Rs. 27; Catha, Rs. 24½ to Rs. 25.

FREIGHTS are dull and declining; Liverpool *via* Canal, 17s. 6d. for Measurement. Wheat, 15s. Havre, 27s. 6d. nominal; Antwerp, 25s.; London *via* Cape, 27s. 6d.

PIECE-GOODS.—The business being transacted in the bazaar, is of a retail nature, and prices show an easier tendency.

All MONEY ORDERS, CHEQUES, and other Remittances sent to this office should be made payable to the Proprietor of the *Bombay Gazette*.

The Bombay Gazette

THURSDAY, JULY 12, 1883.

MR. WORDSWORTH'S letter which, like all that proceeds from his pen, repay not only perusal but study, takes exception to our statement yesterday that the Jurisdiction Bill was *in itself* "a trumpery affair, beneath a statesman's heeding." We very carefully pointed out that the circumstances following its introduction had completely changed its aspect, so that our correspondent cannot believe that we regard the issues of which it has unfortunately become the symbol as too trumpery for statesmen to take cognizance of. What we meant to convey by the disparaging expression which is objected to, was simply this—that the Bill can have, for years to come, a scarcely appreciable operation on the status of the native civil servants in the employ of the Government, or on the Europeans who live in the Mofussil. At the present moment, if the Bill were to be declared law, it would give exactly two native magistrates the right to try Europeans. How many Europeans would become liable to be tried before them? Perhaps not two. In a few years the absolute need of passing some measure of the kind would have become self-evident. It is not seriously contended by any thinking man that as time goes on and native magistrates of the higher grades are multiplied under the operation of the scheme, settled under Lord Lytton, for securing to natives one-sixth of the appointments in the Civil Service, it would be possible either to give to European offenders within the areas placed under native jurisdiction a practical immunity for offences, or to incur the expense and delay of sending them for trial to the Presidency towns. But the "administrative inconvenience," as it is delicately called, which would result from having magistrates presiding over wide districts who could not take cognizance of any offence committed by a section of the population living within their limits, has not as yet made itself felt. It is only foreseen. The Bill was really intended to provide against a state of things yet to arise. In so far as it is intended to do that, it is not, we admit, a trumpery measure. But in reference to the work it is to do at the very time of its birth, it is of such slight moment that it may be said to be, if not trumpery, at least needless. There is something in the contention of Government, when the measure was introduced before the Legislative Council, that it is better to take thought for the future and give the full powers of their office to native magistrates while they are few, and are surrounded on all sides by European colleagues, rather than wait until they are so numerous that the work of supervision and training would be more difficult than now. But that is not the view which is urged by Mr. Wordsworth. He takes other and, as we believe, more dangerous ground, which might lead to the supposition that the Government, in introducing the Bill, foresaw the magnitude of the issues which it would open up, and resolved to raise them with a view to their solution on the lines of which he individually approves. We cannot concur in that view; we see no evidence whatever that can be adduced to support it.

We cannot understand the argument that the Bill in itself raises the question as to the extent to which educated natives may expect employment and promotion in their own country. That question was settled for some years to come by Lord Lytton's scheme, to which we have already referred. If the Bill had never been drafted, the number of natives likely, or rather certain, to rise to the judicial position would be neither more nor less than it will be now, whether the Bill be carried or withdrawn. Against the severe criticism on the select patronage service which Lord Lytton designed we have nothing to say. A system which opens the door to favouritism and [illegible]

THE VICEROY'S COUNCIL.

(FROM OUR OWN CORRESPONDENT.)

SIMLA, JULY 11.

To-day's Council business was unimportant.

Mr. Ilbert presented the report of the Select Committee regarding the affairs of Sardar Bikarama Singh and the Kapurthala State.

Mr. Quinton was added to the Select Committee on the Bill now before it relating to the Emigration of Natives of India.

The Council adjourned for a week.

[REUTER'S TELEGRAMS.]

THE FRENCH IN MADAGASCAR.

LONDON, JULY 11.

Mr. Gladstone, replying to a question in the House of Commons this afternoon, said that he had received official information of a grave occurrence which had just taken place in Madagascar. The Secretary to the British Consul at Tamatave had been arrested in the latter's presence, and the French Naval Commander had ordered the British Consul, although suffering from illness, to quit the town in twenty-four hours. In the interval, however, the British Consul died and the officers of H. M. S. Dryad, who had gone ashore to attend the funeral, were not followed to the cemetery.

The English Missionary at Tamatave has also been imprisoned.

The flags of the consulates have been removed.

The British Government have demanded explanations of these proceedings from the French Government.

THE HYDERABAD-CHANDA RAILWAY.

LONDON, JULY 10.

Lord Kimberley has accorded his general sanction to the Hyderabad-Chanda Railway scheme, and has authorized negotiations to be opened with Sirdar Diar Jung, in accordance with the latter's terms and instructions received from India. His lordship also promises his advice and assistance to the scheme.

THE CHANNEL TUNNEL.

LONDON, JULY 11.

The Joint Committee appointed by both Houses of Parliament to report upon the Channel Tunnel, have concluded their sittings, and have decided to vote against the scheme.

QUARANTINE REGULATIONS.

Sir Charles Dilke, President of the Local Government Board, replying to a question in the House of Commons last night, said that quarantine had proved ineffectual against the introduction of Cholera, and that the Government did not therefore intend to establish quarantine at British ports, but only to institute a medical inspection, and a system of disinfection.

DEFEAT OF THE GOVERNMENT.

The House of Commons last evening carried against the Government, by 200 votes against 192, Mr. Chaplin's motion forbidding the landing of cattle in Great Britain from countries where a want of precaution was exhibited against disease.

FRANCE AND ANNAM.

PARIS, JULY 10.

M. Challemel-Lacour, speaking in the Chamber of Deputies to-day said that the Tuduc was now the enemy of France, and that it was no longer a question of negotiating with him, but of fighting him. He said that he hoped to conclude an arrangement with China regarding the settlement of the frontier question.

The Chamber of Deputies voted a resolution approving the policy of the Government.

THE CHOLERA IN EGYPT.

CAIRO, JULY 10.

Cholera is decreasing in Damietta.

THE HOMEWARD MAILS.

TRIESTE, JULY 10.

The P. and O. Co.'s s.s. Surat arrived [illegible] and landed the Bombay mails of the 19th ult., which will be delivered in London on Friday.

THE INCOMING MAILS.

ADEN, JULY 11.

The P. and O. Company's s.s. Gwalior, with the outward English mails of the 29th ultimo, left here for Bombay at 11 o'clock last night, and the same Company's s.s. Kaiser-i-Hind, for Colombo and Calcutta, at one o'clock this afternoon.

STEAMER MOVEMENTS.

PLYMOUTH, JULY 10.

The P. and O. Company's steamer Clyde arrived here this morning.

ADEN, JULY 11.

The Italian mail-steamer Manilla left Aden for Bombay yesterday at 6 p.m.

COLOMBO, JULY 11.

French Mail-steamer Anadyr, from China, arrived.

LONDON, JULY 11.

The Liverpool Cotton market closed steady.

The London Cotton market has been steady.

THERMOMETER READINGS.

TUESDAY, NIGHT, July 10.

10 p.m.	77·0
WEDNESDAY, July 11.	
6 a.m.	76·2
10 a.m.	76·0
2 p.m.	77·0
4 p.m.	77·0

THE P. and O. Company have received a telegram from Aden stating that the Ballaarat, which left Bombay on the 4th instant at 5 p. m., arrived there at 10 a. m. on Wednesday, the 11th instant.

A VARIETY of business, a considerable portion of which had been left over from previous meetings, was transacted by the Town Council yesterday. A long discussion took place on a motion by Sir Frank Souter (the Chairman) to the effect that the Corporation should be recommended to sanction the carrying out of improvements which were declared to be urgent. The motion was agreed to, a rider having been added that the Acting Municipal Commissioner should be requested to report why the works had not been included in the previous estimates. A letter was submitted from the Secretary to the Government, stating that it had been ordered that credit should be allowed to the Municipality for the full grant of Rs. 90,000 in the current year, and that the sum would be taken into consideration in making the adjustment between the Government and the Municipality now under consideration. A motion was proposed by Mr. Nowrozee, seconded by Mr. Geary, and carried, that Government should be requested to favour the Municipality with a copy of the despatch received from the Secretary of State for India so far as it related to the memorial of the Corporation in regard to the retrenchment of Rs. 15,000 a year from the police contribution and the appropriation of the amount for defraying a portion of the expenses of carrying out the C. D. Act, towards which the Corporation had repeatedly declined to contribute.

AT the High Court yesterday, the Acting Chief Justice and Mr. Justice Pinhey considered an appeal preferred by Purshotum Keshav Nene from a decision of Mr. Alfred Keyser, District Magistrate of Colaba. The defendant was charged with running a small steamer from Carnac-bunder in Bombay to Nagotna, situated at the head of a creek on the opposite of the harbour, and in contravention of section 13 of Act II. of 1863, carrying passengers at eight annas per head per trip. It was in evidence that he did so nine consecutive days, carrying fifty or sixty passengers a trip. He was convicted and fined Rs. 90, which were to be handed over to Messrs. Shepherd and Co., who have the exclusive right of running a ferry from Bombay to Dharamtar in the Nagotna creek. The accused has appealed to the High Court on the ground, among others, that the lower court was wrong in holding that a licence was necessary to carry passengers for hire between Bombay and Nagotna. Their lordships, after hearing Mr. Farran for the appellant, directed that the papers in the case be called for.

THE Bank of Bombay yesterday reduced its rates of interest and discount one per cent. all round.

HEAVY rains continue to be experienced in Khandeish and Guzerat, interfering to a considerable extent with the postal arrangements and thus causing the railway traffic. Owing to the effects of the floods on the B. B. and C. I. Railway, the Punjab mails due in Bombay yesterday did not arrive, but are expected this morning. It is stated that in the collectorate of Khandeish the Tuptee is again becoming aggressive, and that should a change for the better not take place soon, Surat will be again exposed to all the dangers of a flood. The telegram from our correspondent at Surat, however, indicates that there is no fear of further serious inconvenience.

ON the 7th July there were 1·1ft. 48 cents less water in the Tulsi Lake than on the corresponding date of last year. In the Vehar Lake, on the 6th inst., the water was 5ft. 80 cents lower than on the 6th July, 1882. To the dates given there had been 13 in. 48 cents at Tulsi, and 6 in. 58 cents. at Vehar, less rain gauged than in the same period of last year.

AMONGST those presented to H. R. H. the Prince of Wales at a recent levée held by command of the Queen were the Thakore Saheb of Wadhwan and Mr. Jehangier Dosabhoy Framjee, Assistant Collector of Customs, now on leave in England, introduced by the Secretary of State for India.

HIS EXCELLENCY MR. GRANT DUFF, accompanied by Captain A. Awdry, R. E., Private Secretary, Captain Agnew, Aide-de-Camp, and Surgeon-Major Mackenzie, His Excellency's Medical Officer, arrived at Madras on Monday morning from Ootacamund, and left again the same evening for Gooty, on tour.

MR. GRANT DUFF'S verdict on the Shevaroy Hills, which he visited *en route* from Ootacamund to Madras is, "Sorrento without the sea." His Excellency is reported to have been charmed with his visit, and has promised to go there again. He had the advantage of having Mr. Bruce Foote, of the Geological Survey, as his guide, and in company with this gentleman and the staff, the Governor mounted to the top of the Shevaroyen, and enjoyed the fine view from that eminence. The Shevaroy planters and residents presented addresses, from which we (*Madras Mail*) gather that a good cart road up the Salem ghat is one of the chief wants of this pleasant hill retreat; and the Governor's visit will doubtless have something to do with getting that want supplied. The planters' address was printed in gold on vellum, and placed in a neat little casket of coffee wood, and presented by the Chairman to His Excellency. The casket contained a plate: "Presented to H. E. the Right Honourable Mountstuart Elphinstone Grant Duff in a coffee wood casket, by the Chairman, on behalf of the Shevaroy Hill Planters' Association."

SIR FREDERICK AND LADY ROBERTS, and Captain Hamilton, Aide-de-Camp, left Ooty on the 9th inst. for Bangalore.

INVITATIONS for the Commander-in-Chief's Fancy Dress Ball at Benmore, Simla, on the 13th September, have already been issued.

THE balances held in cash in the Civil Treasuries of the Government of India and at credit of Government in the Presidency Banks and their branches on the last day of June in the last three years were:—1881, Rs. 13,07,80,000; 1882, Rs. 14,78,77,000; and 1883, Rs. 14,01,20,000.

NOTHING is yet known officially in India, according to the *Pioneer*, as to the Indian troopships taking the Pape route next season. "Reuter's statement is based probably on the general feeling of alarm at home on account of the cholera in Egypt; and if that should abate before the autumn the ordinary voyage will no doubt be adhered to."

A CALCUTTA paper states that the Madras University will confer on the Maharajah of Travancore the Doctor of Laws degree, and appropriply speaks of His Highness as the most accomplished native scholar in India.

TRAVANCORE is setting an example to other Native States in the way its Maharajah and officials are working with a view to securing a creditable representation of the products, arts, and manufactures of the principality at the Calcutta Exhibition. A Madras paper says that "the Madras Committee having invited the Government of the Maharajah to co-operate with them, His Highness very promptly directed the formation of a committee at Trevandrum, with corresponding members at out-stations, for the purpose of collecting and forwarding articles for the Exhibition. The liberal sum of Rs. 5,000 has been placed at the disposal of the committee, and this will be augmented hereafter if necessary. The large room in the Public Offices adjoining the Durbar Hall has been placed at the disposal of the Committee for holding their meetings, and for the transaction of business, and the [illegible] Member has been made Secretary to the Committee. His Highness has also been pleased to lend to the Committee the services of the artisans employed in the place for the manufacture of special works of art. The men employed in the Government School of Arts, and the convicts in the jail, have also been [illegible] available for carving work in ivory, &c. It is anticipated that Travancore will make a grand show, and it is only the other native Princes and zemindars will follow the noble example of the enlightened Ruler of Travancore, and put forth the same strenuous exertions to exhibit at the first grand fair of the kind held in India, to the nations of the world that will be assembled there, the rich and varied productions of their possessions, we have no doubt great advantages will be secured hereafter. Mysore has also come forward."

A COMMUNICATION has just been received in Calcutta from Batavia, announcing that the Government of that Colony has decided to send a commission of its chief gentlemen to represent it at the approaching Exhibition, and that the sum of ten thousand guilders has been set apart for the exhibition of the collection from Batavia.

THE cholera mortality in Calcutta has at length fallen below the average for the season of the year. The numbers and deaths recorded last week was only 14.

THE memorial which the members of the Uncovenanted Service are about to present to Government asks for redress under the four following heads:—

"(1.) That furlough and leave on medical certificate may be allowed to reckon as service for pension. (2.) That proportionate pensions may be granted for service between 15 and 25 and 30 and 40 years' service. (3.) That retirement after 30 years' service may be permitted without the production of a medical certificate. (4.) That service under the new rules may be allowed to date from the age of 22, may be allowed to reckon towards pension."

A TELEGRAM from Rangoon, July 6, to a Calcutta paper says that "a certain number of members of the Municipal Committee having requested that a special meeting may be convened to consider what is tantamount to a vote of censure on President Sherlock Hare, the latter, he has intimated his intention of resigning immediately. The *Rangoon Gazette* says that the first attempt at working a Municipality by the natives with a non-official President, should have ended so disgracefully. Another telegram gives some further particulars of the [illegible] meeting between the president, Mr. Hare, and the committee regarding the latter's choice of a School Mistress for the Municipal Girls' School, which the former refused to accept, claiming the right to make the appointment himself. [illegible] Municipal Committee [illegible] with the ultimatum of the president. The result is that Mr. Hare has resigned the presidentship and [illegible] membership, and the Deputy Commissioner is to be [illegible] president, and a new member to be elected. The affair has caused a sensation."

THE following is the official summary of the report of the Agricultural Department on the state of the weather and prospects of the crops throughout India, for the week ended on 3rd July:—

Heavy rain has fallen at Cuttack, Monimein, and Akyab; elsewhere in Burma, Assam, and Bengal the rainfall has been lighter than in previous week, but sufficient for present needs. Abundant rain and favourable weather are reported from the Central Provinces, and the monsoon current seems to be spreading gradually throughout the Provinces and Oudh and the Punjab, though the rainfall has as yet been slight and insufficient. According to latest reports, westerly winds prevail. In Central and Southern India more or less rain has fallen everywhere; in the Southern Mahratta Country, in Mysore, and parts of Rajputana a further supply is much needed; elsewhere it has been generally sufficient, while unprecedented floods are reported from Surat. In Sind the dry weather of previous weeks has disappeared; a moderate quantity of rain has fallen, and more is expected, but the rivers are unusually low. Agricultural operations are in active progress throughout India, and except in the tracts already mentioned as in need of more rain, prospects so far are favourable. Harvesting continues in Madras, and the standing crops in that Presidency and Mysore are in good condition. Rice is being [illegible] and transplanted in Assam and Bengal, and in the latter province jute, sugarcane, and indigo are thriving wherever they have not been injured by floods. Locusts are still prevalent in Berar, but appear to be disappearing from Rajputana. Cattle disease exists in most provinces, but is at present severe only in parts of Burma. Prices are variable, with a downward tendency wherever good rain has fallen. Cholera still rages in Poona and Ahmednagar, elsewhere it is on the decrease; but fever is prevalent.

AFTER a run of six days Mr. Wilkie Collins' drama of "Rank and Riches," whose failure and Mr. Augustus's explosion of wrath thereat were reported last week, was withdrawn from the Adelphi, and replaced by "Camille."

THE *Daily News* of June 22 states that there was no foundation whatever for the statement that Sir William Gordon had been appointed Special Commissioner to the Transvaal. Lord Reay had been offered the appointment.

OLIPHANT'S trip to England was not altogether without some civilising effect, apparently. In a letter to his friend and benefactor the late Bishop Colenso the Zulu king displays a good deal of indignation at the slaughter of women by his enemy Zibebu in a recent *raid*:—

"The worst thing of all he says is that Zibebu's people kill women—creatures without weapons, and unable even to use them. Supposing that I were to retaliate and do the same, should I not be exclaimed against as having done what was not according to the law? But when Zibebu does wrong, nothing is said. I beg you to inform them over the sea of this action of Zibebu's, and say also that I wish to know if it is approved of. Again this *raid* has destroyed Mnyamana's kraals, carrying off all the women and the cattle."

THE 500 autograph letters from the influential personages who constitute the Longfellow Memorial Committee have been presented by Dr. W. C. Bennett, the hon. secretary, through Mr. Longfellow's publisher, to the American Longfellow Memorial Committee, to be permanently deposited in some public institution in Boston, U.S., or its neighbourhood, for the inspection of all Americans who may desire to see the high esteem in which the poet was held by so many of the best minds of England.

THE news that the Polish novelist and poet Kraszevski had been arrested at Berlin, a correspondent says, has caused a most unpleasant impression in the literary circles of Vienna. There are contradictory versions as to the charges brought against him, being to the effect that he is suspected of acting as a Russian spy, and another rep[illegible]ing him to be engaged in the same capacity by the French Government. A third reports him to have been maliciously denounced out of spite by some acquaintance. Probably all these tales are equally untrue. The house in which M. Kraszevski resided at Dresden was subjected to a judicial search immediately after his arrest, and it is as likely as not that the Prussian police wanted some letters or papers in possession of M. Kraszevski which could not be otherwise obtained. His release is announced as probable.

IN the Rangoon Police Administration Report for the last official year, recently published [illegible] Pyapong lock-up, whilst the sentry over them was asleep, is mentioned. Another man, confined with these six, was a murderer. When he woke up and found his fellow-prisoners gone, instead of trying to escape himself he awoke the sentry and informed him of the fact. In the Prome district a Burman constable, smitten with the charms of a female prisoner, released her, and accompanied her to Upper Burma, taking his musket and accoutrements with him, and also Rs. 550 which had been found on the person of a suspicious character who had been detained for the night.

MILITARY NEWS.

THE Government of India have decided that officers of less than three years' service and more than seven are to be held ineligible for appointment to the Commissariat Department.

ACCORDING to a Calcutta paper, it is probable that General Tanner, Commanding at Quetta, and the Agent to the Governor-General, Sir R. Sandeman, will shortly visit Thull Chotiali with a small column to select a new cantonment near Chotiali, at Goombaz.

THE *Englishman* says:—"In connection with the formation of a Military Railway Corps in India, to supplement, in cases of urgency, the existing *personnel* of a line, the military authorities are active as if they imagined that no tuition was needed in time of peace; as if Field Railway Corps became competent to perform their duties immediately they were raised. A week's work by military authorities in India might instruct a few companies of each battalion located at Allahabad, Jabalpur, or Delhi. But this would not give a railway corps for India. We must thus turn to our native army, and find whether the material needed exists in our native forces which could be transformed into a railway corps, or whether one must be raised."

COURT-MARTIAL.—Gunner Robert Cheeseman, R.A., was charged before a district court martial, which sat yesterday in the Bank of Bengal, with [illegible] 2nd June. The Court found the prisoner guilty, and sentenced him to 28 days' hard labour, and fined £1. Brigadier-General R. Mallaby, Commanding the Bombay District, has confirmed the sentence.

TELEGRAPHIC WEATHER REPORT.

SIMLA, July 10.—The barometric changes have been irregular. The pressure has fallen over Burmah and the extreme south of the Peninsula, but has risen generally elsewhere, and a brisk pressure area is forming over the Punjab. The rainfall has been [illegible] inches; Jessulmere, Marwar, and Shahabad, July 1 inch; Jumeer, Cochin, and Moulmein, 1 inch; Mussoorie, Allahabad, Chittagong, Jeypore, Mount Abu, and Rangoon, ½ inch. Previously Amraoti had 5 inches; Ratnaghery, 4 inches; Mercara, and Calicut, 2 inches; Murree and Mangalore 2 inches; Naini Tal, Gauhati, Jalpore, Morar, and Satara, 1 inch; Cochin and Chittaldroog, ½ inch.

RAINFALL ON THE B. B. AND C. I. RAILWAY.

WE are indebted to the Agent of the B. B. and C. I. Railway for the following return of rainfall at stations along that line, for the week ending Saturday, the 30th June:—

	In.	Cts.		In.	Cts.
Panjoo	19	44	Memdabad	5	30
Vaitarni	23	31	Ahmedabad	6	19
Dalghed	23	31	Viramgaum	3	75

BOMBAY.

TO-DAY.

Bellringers' Gaiety, Theatre, 9 p.m.

VESSEL ARRIVED.—The following vessel arrived yesterday:—Simla (s), from Zanzibar, &c.

VESSELS SAILED.—The following vessels sailed yesterday:—Florida (s), for London; Limhope (s), Port Said; Cheribon (s), Marseilles, &c.; Kangra (s), Calcutta, &c.; Heazada (s), Rangoon, &c.

PRINCE'S DOCK.—The s.s. Toledo and Chollerton entered, and the s.s. Watlington, Fern Holme, and Florida left, the dock yesterday.

G. I. P. RAILWAY.—The statement of traffic for the week ending 7th July shows a decrease of Rs. 91,775 as compared with the returns for the corresponding week of last year.

CHARGE OF FURIOUS DRIVING.—Inspector Collis appeared yesterday before Mr. C. P. Cooper and obtained a summons against Dr. Vaz, on a charge of furious driving on the Kalbadevie-road on Sunday last, the 8th inst. The summons was made returnable on the 13th inst.

THEFT OF ORNAMENTS.—Sheriff Ali Abdool Ali, residing on the first floor of a house at Baloo Serang street, reported to the police on Tuesday last that during his absence from home on that forenoon the door of his room was opened with a duplicate key, and gold and silver ornaments, of the collective value of Rs. 362, were stolen from a box which had been left open in the room.

CHINGAM BHUJA, [illegible] Sudir, a merchant trading in the place of business at Argyle road, reported to the police on Tuesday last that during his absence from home on the forenoon of the 9th instant, he loaded labour cart No. 4932 with twenty bags of linseed, valued at Rs. 100, and directed the driver to take the bags to the Prince's Dock. The driver, whose name is Gunno Appa, absconded with the property. The police are looking out for him.

CAUSING HURT.—Nathoo Gunnoo was yesterday convicted by Mr. Dosabhoy Framjee of voluntarily causing hurt to Balia Babajee, on the day previous, at Tank-bunder. The prisoner assaulted complainant with his clenched fist, and in the affray snatched an ear-ring of the latter's, causing an injury to the ear. He was fined 1s. 25, in default to undergo fifteen days' rigorous imprisonment. Rs. 3 of the fine, if recovered, was awarded to complainant, as compensation.

THEFT OF RICE.—Shaik Cassum, Khan Shaik Ahmed, and Shaik Yacoob Mahomed Tyeb were yesterday convicted by Mr. P. Ryan of stealing a quantity of rice, valued at Rs. 10, the property of Hurry Annund. The prisoners, who are boatmen in the employment of the complainant, had stolen the rice in question from sundry bags of rice, during transit from one vessel in the harbour to another. They were each sentenced to three months' rigorous imprisonment.

HOUSE-BREAKING AND THEFT.—Abdoola Laljee, a Khojah merchant residing at Khojah Mhola, has reported to the police that his warehouse was broken into on Monday night last, and two wooden boxes were broken open and gold ornaments and cash, of the aggregate value of Rs. 1,303, were stolen therefrom. The boxes also contained other ornaments, to the value of Rs. 962, which were left behind. Suspicion attaches to a former servant of the complainant is suspected to have committed the theft in conjunction with some other men.

EFFECTS OF THE WEATHER.—A large hay-stack on the Arthur-road was blown down on Tuesday evening last, and fell upon an adjoining shed in which ten buffaloes were stabled. Some mill workmen who were passing at the time of the occurrence rendered assistance in removing the grass. It was discovered that two of the buffaloes had been killed. The owner of the shed and buffaloes estimates his loss at Rs. 400.—The front wall of No. 1 house No. 23 at Khojeta Gee-lane fell in on Tuesday night last. No persons were injured.

STEALING UMBRELLAS.—Tremundas Lukmidas was yesterday convicted by Mr. P. Ryan, upon two separate charges, of theft of two umbrellas, valued at Rs. 2-8, the property of two persons. He was sentenced to an accumulated term of nine months' rigorous imprisonment. The prisoner was further convicted by the same magistrate, upon a third charge, of having in his possession four other umbrellas, valued at Rs. 8, reasonably suspected to have been stolen. He was sentenced to a further term of three months' rigorous imprisonment, this sentence [illegible] sentences.

ALLEGED DEFAMATION BY A TRADESMAN.—Yesterday, at the Fort Police Court, before Mr. C. P. Cooper, the case of Mr. Nusserwanjee Merwanjee Patell, agent of the Singer Sewing Machine Company, *vs.* Mr. R. A. Geyer, for defamation was resumed. Mr. Budrudin Tyabjee, in reply to a question by Messrs. Payne and Gilbert, appeared for the prosecution, and Mr. Lang, instructed by Messrs. Prescot and Winter, for the defence. Mr. N. M. Soares, a merchant, Mr. Henry Remmon, a clerk in the Government jail, and Mr. W. W. Saunders, of the Bombay Police, who had purchased sewing machines from the complainant, were examined for the prosecution. The magistrate framed a charge of defamation against the accused under section 500 of the Penal Code, and the case was adjourned for further hearing to Monday next, the 16th instant, at 11 a.m.

THEFT OF VALUABLE JEWELLERY.—Mr. George Lund, watch and clock-maker, who up to Tuesday last occupied part of the office of Messrs. Latham and Co., forwarding agents, &c., at Horah Darwaza street, on going to Medow-street, his new office, on Tuesday last discovered that four gold bracelets set with precious stones (one with a diamond, first water), valued at Rs. 1,000; another with a sapphire, valued at Rs. 350, another with a ruby, valued at Rs. 450, and the fourth with an emerald, valued at Rs. 300, had been taken from a leather case. The bracelets were last seen by Mr. Lund (who has made a report of his loss to the police) about six weeks ago. He was in the habit of simply counting the cases, without looking into each case to see if the contents were secure. The iron safe which contained the cases of jewellery, it appears, had been inadvertently left open at times, and it is supposed that the missing bracelets were extracted on those occasions.

SMALL CAUSES COURT.—JULY 11.

(Before Mr. N. SPENCER, Acting Chief Judge.)

SUBSTITUTION OF LEAD FOR GOLD.

CHAGONLAL PARBHULAL *vs.* GOMAPATI VISHWANATH.

MR. RUSTOMJEE appeared for the plaintiff, and Mr. Starling, instructed by Messrs. Tobin and Roughton, for the defendant.

The plaintiff and defendant in this suit are both described as shroffs, the former doing exchange business in Jodhpore, and the latter in Bombay. They had money dealings with each other, and on the 13th of August last the defendant's firm was found to be indebted to the plaintiff in the sum of Rs. 3,764-6-6. On account of this money, the plaintiff requested the defendant's firm at Bombay to forward to him at Jodhpore about seventy-five tolas of gold. On the 26th of August, on the [illegible] a box, bearing the seal of the defendant's firm, and alleged to contain seventy-two tolas of gold, was received through the Post Office by the plaintiff, who, on opening it, found in it to contain seventy-one tolas of gold and two Bombay double pice. The postmaster at Jodhpore was immediately apprised of this fact, as also was the Post[illegible]General of Rajpootana. On the 24th of November last the plaintiff received, under protest, through his solicitor the sum of Rs. 2,880-4 as part payment of the balance due to the plaintiff, the sum of Rs. 884 which was alleged to have been paid by the transmission of the seventy-five tolas of gold, was now sought to be recovered from the defendant.

Mr. Starling submitted for the defendant, but raised the following issue:—Whether the defendant had settled the claim of the plaintiff by despatching the gold mentioned in the plaint. This, he added, was a matter of evidence, that he should be held that delivery to the Post Office was sufficient delivery to the plaintiff.

In delivering judgment yesterday, his honour said that he was satisfied, on the evidence adduced, that he had to the conclusion that when the packed parcel was delivered at the Post Office it contained lead, and not gold. It was beyond doubt that the gold was purchased, but the gold never was purchased, he must conclude that the whole of the defendant's establishment were in collusion, and had put their heads together for the purpose of defrauding the plaintiff. There was no evidence of this, but under the circumstances of the case, he thought it would have been more to the credit of the defendant's firm if proceedings had been taken against the Post Office to recover the amount for which the alleged gold was insured. The defendant's firm from that course suggested a doubt in its honour's mind as to the truthfulness of the statement made by the defendant's people. Framjee, his honour thought, the gold in question never left the broker to the defendant's shop, with the tin box in which it had been intended to put it; he was present when the gold was weighed, and he posted the parcel. Then he knew the weight and the size of the tin box. It was very easy for him to have purchased two tin boxes. It appeared to his honour that Framjee had two opportunities of substituting lead for gold. The whole of the evidence of Framjee in Court and his statement before the police authorities were full of suspicion. Framjee, too, ordered two seals bearing the name of the defendant's firm to be made. One of them was produced, and there was very strong evidence against Framjee, which could only lead to the inference that he must have had the other seal made for the purpose of using it when occasion required. There was no direct evidence of fraud. With regard to the change having been made at Jodhpore, the learned judge said he had no evidence before him to justify him in coming to that conclusion. Regarding the issue raised by Mr. Starling, his honour said he found that the defendant had not paid the balance of the account by despatching the gold mentioned in the plaint. A verdict was accordingly given for the plaintiff for Rs. 1,884-6-6, with costs. Rs. 135.

THE BOMBAY LOCAL SELF GOVERNMENT BILLS.

We have received from the Secretariat copies of the two Bills which have been drafted with a view to applying to the Bombay Presidency the principles of the Viceroy's famous Local Self-Government Resolution of last year, and which, as we announced yesterday, have received the sanction of the Secretary of State. We give below the full "Statement of Objects and Reasons" appended to each Bill. It will be seen that, in accordance with the principle enunciated by H. E. the Viceroy, and adopted by the Bombay Legislative Council and embodied in certain rules for the conduct of business passed at their last meeting in Bombay, in January these Statements have been drafted at considerable length and with the special view of making the objects and scope of the measures thoroughly understood:—

THE LOCAL BOARDS BILL.

STATEMENT OF OBJECTS AND REASONS.

Review of the past history of Local Funds' Administration.—Local funds have existed in this presidency for the past twenty years. The resolution of Government which first sanctioned their establishment was passed in September 1863, and it was based upon the ascertained general agreement of all authorities on the following points:

"I. That there should be local funds for the promotion of education in the rural districts, and for the formation and repairs of local roads;

"II. That these funds should be, in part at least, provided by a local cess, imposed in addition to the land-revenue, which was then [illegible] or implied, to the contrary has been given, and, where such a pledge has been given, deducted, if Government will permit, from the land assessment, or levied by a voluntary rate from the payers of land-revenue;

"III. That the tax-payers should have an influential voice in the disposal of the funds."

Concurring in these views, the Government of Sir Bartle Frere directed that the local cess should consist of the local cess on land, the rate for which they fixed at one anna for every rupee of assessment to the land-revenue, "all toll and ferry funds not specially executed, the surplus cattle-pound fund and such other items as Government may from time to time direct to be added." They further resolved that "as to the division of the cess between education and roads, the proportions should be one-third to education and two-thirds to roads, to repairs of village wells and public buildings, planting of road-side trees and other objects of public utility. And as to [illegible] with regard to the management and application of the fund, the Government said they believed "success would depend on the degree of freedom allowed to the local managers of the fund."

The system thus introduced was worked for some years with general satisfaction, but eventually it [illegible] it was necessary to lower the level of the local cess. This was done by Bombay Act VIII. of 1865 for Sind and by Bombay Act III. of 1869 for the rest of the presidency; and those two Acts have continued in force down to the present time.

The latter Act, whilst making provision for the levy of the local fund one anna cess, provided also for the constitution of local committees, who should be entrusted with the expenditure of the funds. The Sind Act did not expressly require the formation of such committees, but as a matter of fact, the local funds of that province have been managed by committees established under the orders of Government, similar, so far as the circumstances of each district permitted, to the committees constituted in other parts of the presidency under Bombay Act III. of 1869.

Reasons for a New Enactment.—The administration of local funds under the above enactments and orders has been, upon the whole, highly successful. The time has, however, now come when, in harmony with the wishes and orders of His Excellency the Governor-General in Council as to the extension of local self-government throughout India, the law regulating the constitution and the powers and duties of the local committees should be amended so as to secure to those bodies greater independence in administering the funds placed at their disposal for local purposes. It is for this purpose that the Bombay Local Boards' Bill has been drawn.

Extent of Repeal of Existing Enactments.—The law relating to local funds in Sind has been framed so as to leave the present law intact so far as it relates to the rates levied either in Sind or elsewhere for local purposes and to place those rates, after deducting the cost of assessment and collection, together with all other items at present credited to local funds, at the disposal of the local boards which are to be constituted under the proposed new enactment. For this reason only so much of Bombay Act VIII. of 1865 and III. of 1869 is proposed for repeal as does not relate to the assessment and levy of the above rates.

Local Extent of the Bill.—The Bill then contemplates the establishment throughout the presidency of local boards for the administration of local funds, and as the system to be adopted will be the same in Sind as elsewhere it is proposed that it shall extend to the whole presidency except the city of Bombay and Aden.

Taluka Local Fund Committees.—Bombay Act III. of 1869, or, as it is now and will still be called, the Bombay Local Funds Act, 1869, does not separately recognize taluka local fund committees. The reason why no provision was made for such committees in that Act was stated by the Honourable Mr. Ellis (now Sir Barrow Ellis) in Council at the second reading (Proceedings of the Council VIII. 57) to be because "they would be consultative committees merely, and [illegible] sections [illegible] and [illegible] taluka committee would be [illegible] framed in the rules after the passing of the Act" and that "they would assist the district committee in the duty of administering the funds in such manner as they were appointed to do by section No. 32 of the rules at present in force under the Act accordingly provides that "the duty of the taluka committee shall be to ascertain the local wants and requirements in the talúka, and to bring them to the notice of the district committee in order that they may be duly considered with reference to the local funds available for expenditure in the district." And that "it shall be the duty of the taluka committee to supervise the construction of such works as the district and taluka committees may arrange should be undertaken by the latter."

This provision has proved to be inadequate, as has been found, however, not to conduce to satisfactory results. Not being entrusted with any executive powers these committees have had no sufficient inducement to take a real and active interest in their duties, and there has been a tendency to centralize local fund administration in a manner adverse to the growth of local independence. The expenditure of the funds has thus not always been [illegible] agents, &c., at Horah Darwaza in the same local area in which they have been raised, and the people have not had adequate opportunity of assuring themselves by personal observation that the funds placed at their disposal are really spent upon the supply of their local wants.

Constitution of New Local Boards.—In the present Bill, therefore, it is proposed to give taluka local boards a recognized position and certain well-defined powers. To a considerable degree it appears necessary that they should be subordinate to the district local board, but their separate existence will, in some respects, be dependent upon powers appealed to be retained for the success of any scheme for the local administration of public moneys. There are thus two sets of boards provided for in the Bill for each district, viz., a taluka local board for each of the several talukas, and a district board consisting chiefly of delegates from the taluka boards.

The local fund committees have been hitherto nominated by Government, on behalf, at least, of the members being non-official persons. It was intended by the Government of Bombay when the Bombay Local Funds Act was first introduced that the committees should be as far as possible representative. Sir Barrow Ellis in his speech already quoted said "it was essential that the committee should have in it representatives of those who paid the tax. (Mr. Ellis) was strongly of opinion that the time would arrive when it would be trusted that it was not far distant—when provisions could be made without difficulty for the election of general representatives for the committee; but he did not think that the time was ripe for that. Therefore for the present, it was necessary that the committee should consist of members to be selected by Government. He would mention, as evidence of the wish that the committee should be [illegible] and other members of the Government also, entertained, that the system of representation would be adhered to as far as possible in framing rules under the Act for the [illegible] Collectors that, as far as the holders of alienated villages were concerned, the Collector should send up for the nomination of Government such persons amongst the holders of [illegible] villages as might be elected by the holders of such villages. It was perfectly feasible with the [illegible] holders of in[illegible] [illegible] [illegible] sons. They could easily select from among themselves one who was most fitted to represent them in the committee of the district or in the committees of the talukas. It would be most unwise to [illegible] after the Act was passed to introduce that principle of elections, by calling on the holders of inams in the district to elect one of their

...onsibility for the maintenance of ...mperial or Local Fund roads which ...r districts. In some instances consi... ...ns of such roads have to be included ...districts, and not only are the municipalities ...equal to the burden of maintaining ...would also be unreasonable to require ...to.

...id definition and also in clause (f) of ...it is proposed to omit all mention of ...ces," if such spaces are "squares" or ...or "alleys" they will be included, by the ...definition, in the term "street," but if ...not spaces of this description they will, as a ...be areas such as ought to vest in municipalities. They will either be in the enjoyment of some ...der, or else under section 37 of the Bombay ...venue Code they vest in Government. In the ...se, Government can always, under section ...e (e) of the District Municipal Act, transfer ...h open space to the municipality, if neces...

...additional clause which it is proposed to add ...ction 21 of the present Act relates to taxes ...ed by municipalities on pilgrims. It has been brought to the notice of Government that these taxes, owing to the greatness of the number of pilgrims, generally yield large revenues which are in some instances out of proportion to the local requirements of the small municipal districts in which they are levied. Such taxes are, it is true, generally expended by the municipalities on buildings and other works, and arrangements for the convenience and health of the pilgrims. But these municipalities have no authority beyond the limits of the municipal districts in which they are respectively established, whilst the money realized from the pilgrims might often be perhaps even more usefully expended in their cause in erecting dharmshalas and maintaining and improving the roads and on other similar purposes, outside of such districts, but in their neighbourhood, than within them. It is proposed, therefore, to empower Government, whenever they think fit, to require such municipalities to assign a portion of the pilgrim tax to the district or taluka local board, having authority in the neighbourhood for expenditure by such board on objects of the kind above mentioned.

The amended section 27 seeks to define (1) the obligatory and (2) the discretionary functions of municipal bodies. Under the former heading are ranged all matters which are essential to the health, safety, convenience and well-being of the population of a municipal district—matters which every resident of a town or city under municipal government has a right to expect adequate provision to be made for in return for the rates, taxes and regula... ...ed upon him. ...tter are placed matters ... ultimate objects of expenditure from municipal revenues, but which are not absolutely necessary in every municipal district.

Police.—It will be noticed that all charges on account of Police have been omitted from each of these headings. In accordance with a recent decision of the Government of India it is proposed to relieve municipalities of these charges, and in lieu thereof to impose upon them the obligation of establishing and maintaining middle class and primary schools.

Education.—But as in the case of local boards so also in the case of municipalities, the time has not yet come when Government can with safety resign the administration of public education unreservedly into their hands. The management, control and administration of every public institution maintained out of municipal property or funds is vested by the last paragraph of the amended section 27 in the municipality which maintains the same, and this, as a general rule, seems just and reasonable. But the interests of the public at large in the maintenance of middle class and primary schools on a uniform standard of efficiency are so great, and the necessity for inspection, management and control by the Government Educational department so obvious, that an exception must be made of educational institutions.

Accounts and Budgets.—The amended clause 1 of section 68 of the present Act will throw upon the general body of each municipality, instead of upon their president as at present, the duty of having regular accounts and budget estimates prepared. This change is in harmony with the several other provisions of the proposed new law which vest all powers and responsibilities in the municipal commissioners themselves instead of in individual functionaries, leaving it to them to make such arrangements for their exercise or fulfilment or in certain cases, for their delegation, as they think fit.

J. B. PEILE.

9th July 1883.

By order of H. E. the Rt. Hon. the Governor in Council,

C. G. W MACPHERSON,
Under-Secretary to Government.

Poona, 9th July 1883.

BENGAL.

DEATHS IN CALCUTTA.—During the week ended the 30th June, there were 157 deaths registered in Calcutta, giving a death-rate of 18·9 per thousand per annum. In the previous week there were 184 deaths, and the death rate was 22·1 per thousand. There were 2 deaths from small-pox, 14 from cholera, 46 from fevers, 18 from tetanus, and 2 from causes not specified. The deaths are thus classified: 8 Non-Asiatics, 8 Mixed Races, 94 Hindus, 46 Muhammadans, and 1 of other races. The Health Officer adds the following remarks:—General death-rate moderate. Cholera below the average.

CRIMINAL BREACH OF TRUST.—Messrs. Hamilton and Co., Jewellers, &c., of Old Court House Street, through one of their assistants, Mr. William Slater, charged one Preonath, a goldsmith in their employ, with this offence, in respect of three gold mohurs, and also some gold, weighing 5 tolas and 7 annas, valued at Rs. 156-10-6. The evidence adduced went to show that defendant ... ...ed with the above gold, to make up the ... was handed over to him between the months of July and September last year, and in accordance with the rules of the firm, every workman employed there was to lock up the articles of jewellery entrusted to him inside the safe, at that time he left. On the 9th April last, the gold and mohurs the gold were with defendant in the shop, but the following day he absented himself, and remained away on the plea of ill-health for a long time. He was, however, brought to the shop yesterday, and, when questioned regarding the gold mohurs and the gold entrusted to him, admitted having pledged them at a poddar's shop. He then took Mr. Slater and pointed out the place, where a portion of the gold was recovered, valued at Rs. 30. The rest of the gold he had disposed of elsewhere, where no trace of it could be found. Defendant pleaded guilty, and was convicted and sentenced to 6 months' rigorous imprisonment.—*Englishman*.

MADRAS.

ACCIDENT IN MADRAS HARBOUR.—On the evening of Friday last the s.s. Sirdhana entered the harbour and took a berth. At 9 o'clock that night, owing to the strong breeze that was blowing at the time, she snapped her moorings, and assistance was immediately called for from shore by the firing of rockets. The Boat Overseer proceeded on board with a staff of men and rendered the necessary assistance. The Sirdhana left the roads on Saturday evening, carrying with her two boxes, of specie of the aggregate value of ten thousand rupees, which were shipped by Government for Vizagapatam.—*Madras Times*.

SERIOUS ILLNESS OF COLONEL DREVER.—The intelligence that Col. W. S. Drever, Superintendent of the Police, is dangerously ill, will be received with wide-felt regret. He had been ailing of late, and on Tuesday he was obliged to take to his bed. There was nothing alarming in his case till Friday morning, when serious symptoms set in, and he has since been in a very critical state. He is suffering from inflammation of the liver, and the brain is also said to be affected. He has the best medical advice, Drs. Braidfoot and Drake-Brockman being in unremitting attendance. He was said to be slightly better this morning, (at 9 o'clock.)—*Madras Mail*.

THE PHŒNIX GOLD MINING COMPANY.—Mr. Grove, of the Phœnix Gold Mining Company, has been doing very good work lately, 63 hours' crushing having given a yield of 46 oz. of gold. He is now fitting in the first set of percussion concentrators which deprives him of the use of 10 stamps, which will somewhat temporarily retard the progress of the crushing, but when the second set of percussions are ready, work will be vigorously pushed on, and if the results continue to be as promising as above mentioned, the prospects of the Company are good indeed. Mr. Grove is well pleased with the working of his machinery, and hopes to be able to open the Cobra reef permanently in a few days, the levels, shoots, tracks and tramways being all but finished.—*South of India Observer*.

SERIOUS PIGSTICKING ACCIDENT.—We are glad to be able to say that Mr. H. P. Hodgson, who was dangerously wounded by a wild-boar, while out lately on a pigsticking excursion at Kartary, in company with Mr. Watson and Mr. Sutherland Orr, is progressing favorably. The accident occurred in this way. Having hunted up a boar with beaters and dogs, they drove it into a corner, when the infuriated animal knocked two coolies over and got between Messrs. Hodgson and Watson who, in endeavouring to spear it, fell off their horses and while on the ground the boar charged Mr. Hodgson, ripping him badly in several places and inflicting a serious wound in the inside of his thigh, just missing the femoral artery. The boar, however, was not destined to escape, for the dogs brought him to bay in a swamp where Mr. Orr soon gave him his quietus.—*Id*.

TRIAL OF GUN CARRIAGES AT THE FORT.—"A Spectator" favours us with the following:—"Yesterday afternoon, the R. A. at Fort St. George, under command of Lieut. Winter, R. A., opened fire from four 25-pounder R. M. L. guns, which form part of the Madras siege train. The practice being solely for the testing of the new iron carriages, no targets were floated but three rounds of common shell, with a 4 lb. charge, 1 lb. 12 oz. bursting charge, and 15 secs. time fuse, were fired from each gun with the following elevation:—

1st round	point blank.
2nd round	12°
3rd round	18°

After each carriage had been tested, Colonel McLeod, R.A., who was present, examined it minutely. As the fuses did not run to the length of range, the shells burst very high in the air, which rendered the practice very interesting for spectators. All the carriages having stood the required test, will now be sent to the arsenal."—*Madras Mail*.

N.-W. PROVINCES, PUNJAUB, AND OUDH.

GUIDE TO CASHMERE.—Mr. John Collett, who has resided in Cashmere for two years, is about to bring out a new guide book to the Happy Valley.

THE reason why so many are unable to take Cocoa is, that the varieties commonly sold are mixed with starch, under the idea of rendering them soluble; while really making them *thick, heavy indigestible*. This may be easily detected: *for if Cocoa thickens in the cup, it proves the addition of starch*. Cadbury's Cocoa-Essence is genuine; it is therefore three times the strength of these Cocoas, and a refreshing beverage like tea or coffee.

The most wholesome and nutritious of confections is far less consumed than it would were it not for the greatly adulterated articles sold under the name of chocolates. Every cake of Chocolate bearing the name of Cadbury is guaranteed to consist solely of pure Cocoa and white sugar. Makers to the Queen.

GEO. GAHAGAN & CO.,

ENGINEERS, IRON-FOUNDERS, &c.

WORKS—MODY BAY, NEAR H. M.'s MINT.

OFFICE—28, ELPHINSTONE CIRCLE, BOMBAY.

We are prepared to execute orders for plain or ornamental Castings and single Castings up to 5 tons in weight.

PLANS AND ESTIMATES ON APPLICATION.

GEO. GAHAGAN & CO.,
BOMBAY.

RIPON IRON-WORKS,

FRERE-ROAD,

NEAR PRINCE'S DOCK,

BOMBAY.

THESE NEW WORKS have been planned and laid out by us so as to secure the most practical working arrangement of the various departments, and on a scale commensurate with the execution of the HEAVIEST description of WORK.

The most modern and improved MACHINE TOOLS and Appliances are employed throughout, thus ensuring the greatest accuracy of workmanship, combined with economy and despatch.

Special care is exercised in the selection of all iron for structural work and forgings.

The Foundry Departments are specially under the supervision of our Mr. COUPER, whose castings are favourably known in India, and we are in a position to execute every class of Foundry work up to twenty tons, including Cylinders, Rollers and Loam Castings of all kinds, and we willingly submit tests of the quality of Iron used.

Castings of Brass, Phosphor Bronze, and Stones Metal as may be required.

Import orders entrusted to us will be carried out with promptitude, and we have secured such terms as will compare favourably with the usual rates, while we guarantee the quality.

We are prepared to submit Designs, make out Plans and Estimates, and give quotations for all descriptions of Machinery and Iron Structures, and undertake their importation, manufacture or erection.

All orders entrusted to us have our immediate personal supervision.

DONALD, HENESEY & COUPER.

"ROYAL CHARTER"
WACHTER AND CO.'S CHAMPAGNE.

REFERRING TO "THE QUEEN'S LAST BALL," LONDON, "TRUTH" SAYS:—

"THE supper is always most admirable at the Palace and the Wines unexceptionable, notably "the Dry Champagne. In this respect the Queen sets an example which might very well be followed at other fashionable entertainments, at most of which the guests are ruthlessly poisoned with the cheapest abominations that can be bought."

The above Champagne refered to was *Wachter and Co.'s* "Royal Charter" which *alone* is supplied at the Palace.

MUNICIPALITY OF RANGOON.

DEBENTURE LOAN.

THE Municipal Committee for the city of Rangoon are prepared, with the sanction of the local Government, conveyed in order No. 266-27 M., dated 10th February, 1883, under Section 7 of the Public Works Loan Act of 1879, to receive TENDERS FOR A DEBENTURE LOAN of (Rs. 4,00,000) four lakhs of Rupees, on the security of the rates and taxes levied under the Municipal Act VII. of 1874 for the completion of the Rangoon Water Works.

II. Debentures will be issued for the same amount bearing interest at the rate of (5) five per cent. per annum, payable half-yearly on the 15th March and 15th September of each year.

Debenture Bonds to the extent of eight thousand rupees will be paid off half-yearly and the Debenture Bonds to be paid off will be determined by yearly drawing, the first to be in the month of August, 1888, and thereafter in the months of February and August of each year, and the last in the month of February, 1913, of which notice will be given in one or more of the local papers. The numbers of the Debenture Bonds drawn to be paid off will be notified in one or more of the local papers, and no interest will be paid on such Debentures after the 15th March or 15th September next following. The drawings will take place at the Municipal Office and be conducted by the Finance Sub-Committee of the Municipality.

III. The form of Debenture Bonds will be that given below. Each Debenture will be issued for the sum of Rs. 500.

IV. Tenders for the whole or any part of the abovenamed sum of (Rs. 4,00,000) four lakhs of Rupees will be received by the President of the Municipal Committee up to noon on the 17th July, 1883.

V. Each tender should be in the form hereto annexed, and enclosed in a sealed cover, superscribed "Tender for Municipal Loan of 1883," and sent to the Municipal office, addressed to "The President, Municipal Committee, Rangoon."

VI. The tenders will be opened by the President at the Municipal Office on the 7th August, 1883 at noon, a minimum rate having first been fixed by the Finance Sub-Committee.

VII. Parties tendering must pay into the Bank of Bengal to the credit of the Municipal Fund a sum equal to 2 per cent. of the amount tendered and forward the Bank receipt with the tender.

VIII. If the tender be accepted the deposit will be taken in part payment, but it will be forfeited if, after the acceptance of the tender, the allotment is not fully paid up on or before the 7th September, 1883.

IX. Debentures will be issued as soon as possible after receipt of the amount of allotment.

X. The deposit on tenders which may not be accepted will be returned on application.

XI. In the case of two or more tenders at the same rate (not being below the minimum) a *prorata* allotment will, if necessary, be made.

XII. The rate stated in a tender must not contain any fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate stated ... ...

XIII. In order to avoid mistakes a separate tender must ... ...each rate tendered and a separate deposit must accompany each tender.

XIV. The annual income from the rates and taxes which are offered as security for the loan amount to Rs. 9,80,000. The charges for loans which have already been raised on the same security are as follows:—

Interest at 4½ per cent. on Rs. 4,49,082 payable to Government.
Interest at 5½ per cent. on Rs. 7,00,000 payable to the Bank of Bengal.

SHERLOCK HARE,
President.

Municipal Office, Rangoon, Dated 10th April, 1883

FORM OF TENDER.

I heteby tender for Rs. ——— of the Loan advertised in the Notification of the President of the Rangoon Municipality, dated the ——— and published in the ——— of dated the ——— and agree to pay the same subject to the conditions notified, at the rate of Rs. ——— for every Rs. 100 allotted to me.

I enclose a deposit receipt of the Bank of Bengal at Rangoon for Rs. ——— being 2 per cent. on the amount of my tender, and engage, if my offer be accepted, to pay to the account of the Municipal Fund in the said Bank of Bengal the sum allotted to me on or before the 7th September, 1883.

Signature.
Address.

DRAFT DEBENTURE.

RANGOON MUNICIPAL FIVE PER CENT. LOAN OF 1883 OF FOUR LAKHS OF RUPEES.

No.—— DEBENTURE FOR FIVE HUNDRED RUPEES.

The Municipal Committee for the city of Rangoon, appointed under the British Burmah Municipal Act, 1874, in consideration of the sum of Five Hundred Rupees paid to them by ——— do hereby, under and by virtue of the Local Authorities Loan Act, 1879, promise to pay to the said ——— or order, thirty years after the date hereof, the sum of Five Hundred Rupees, together with interest thereon, in the meantime at the rate of five per centum per annum by equal half yearly payments on the 15th of March and the 15th day of September in every year, the first of such half-yearly payments to be made on the ——day of ——— 1883, but subject as to the payment of both principal and interest to the conditions endorsed hereon.

For the Municipal Committee of the city of Rangoon this —— day of ———1883.

———President.
———Member.
———Ex-officio Member

N. B.—For convenience of drawing all transfers of this Debenture must be registered at the ——— Rangoon.

CONDITION ON WHICH THIS DEBENTURE IS ISSUED.

Debenture bonds to the extent of Eight Thousand Rupees will be paid off half yearly and the Debenture bonds to be paid off will be determined by yearly drawings, the first to be in the month of August, 1888, and thereafter in the months of February and August in every year, and the last in the month of February, 1913, of which notice will be given in one or more of the local papers. The numbers of the Debentures drawn will be notified in one or more of the local papers and no interest will be paid on such Debentures after the 15th of March or 15th September next following the drawing.

The drawings will take place at the Municipal office and be conducted by the Finance Sub-Committee of the Municipality.

SCOTT & Co., M.R.C.V.S.,
VETERINARY SURGEONS.

HORSE EXAMINATION CERTIFICATES, Rs. 10; Examination and Verbal Opinion, Rs. 5; Horses standing at House on Commission sale, Rs. 8 per horse, including news keeper. Commission on Horses bought and sold as 12. Up-country Consultations by letter by giving and selling of horses will meet our best attention; phaeton broken to single and double harness, in the yard, (single Rs. 15, double Rs. 30.) The Horse Shoeing Forge is under the management of a thoroughly practical English Farrier and every class of shoeing done.

£500 PAYABLE at age 50 or at death if previous may be secured by a monthly payment of Rs. 16-12-8 if commenced at age 20. If commenced at age 30 the rate is about twenty-four rupees a month, and if commenced at age 40 the rate is about forty-eight rupees a month. It is an advantage to effect such Provisions early in life. By delay the rate of subscription increases;—death may occur before the provision is effected;—or Health may fail and render the life ineligible for assurance. Every information on application to SECRETARY, STANDARD LIFE OFFICE, 7, Rampart-row, Bombay.

NOTE.—The above rates are reduced during residence in Europe: and should the claim mature in England, the amount of the policy is payable in sterling money at the rate of 2s. per rupee.

TO MERCHANTS, TRADESMEN, &c.

WANTED, IMMEDIATELY, by a young gentleman of respectability an appointment as a CLERK or ACCOUNTANT in a Mercantile or Tradesmans in Bombay. Has had considerable experience in correspondence and accounts, writes a neat hand, and is willing to make himself generally useful.

Can do all the different kinds of business done in a Printing Office as well.

Any reasonable Rates, 50 will be accepted, subject to two months' notice, from employers. First-class testimonials. Apply to "THE MANAGER,"
